The effective date of the change in payment amount as set forth on this notice is the result of the notice requirements of Bankruptcy Rule 3002.1(b) and may differ from the effective date of the change in payment amount as set forth on the attached escrow statement that was sent to the debtor pursuant to the terms of the loan documents and the RESPA (Real Estate Settlement Procedures Act). For the period between the effective date of the payment change identified in the attached escrow statement and the effective date of the payment change identified in this notice, the creditor will give the debtor the benefit of the lower of the prior monthly payment and the "new monthly payment" identified herein by crediting the debtor's account as necessary. This does not constitute a modification of the payment obligations under the terms of the promissory note, mortgage, or other loan documents.

Escrow Shortage	\$106.22

Important Message

For more information about escrow, visit [chase.com/ManageMyMortgage](https://chase.com/ManageMyMortgage).

If you are in bankruptcy or have been given a discharge for your bankruptcy, this letter is for information only. This letter is not an attempt to collect a debt. It is not an attempt to collect, assess or recover all or part of the debt from you. If a bankruptcy trustee is making your payments for you, please give a copy of this statement to the trustee.

Your escrow shortage amount does not include any actual shortage that might have been included before you filed for bankruptcy.

Chase automatic mortgage payment customers: If your mortgage payment amount changes after an escrow analysis, we'll adjust your payment for you.  
**Other online bill payment service or military allotment customers:** If your mortgage payment changes after an escrow analysis, you will need to contact your financial services provider to adjust your payment.

Summary

Your escrow account is short \$106.22.

There are many possible reasons for your shortage. Some common reasons include: increases in property taxes and/or insurance premiums, tax reassessments, insurance carrier changes, due date changes, fewer than expected escrow deposits. For more information, call us at the number listed above.

Your escrow account will fall \$106.22 short of the minimum required balance of \$0.00 in the next 12 months.

You have three options to pay the shortage:

- Option 1:

**Pay All of the shortage now.**

Use the Escrow Shortage Payment Coupon below. If you pay all of your shortage by 10/01/17, your monthly mortgage payment will be \$1,361.23 starting 10/01/17.
- Option 2:

**Pay part of the shortage now.**

Use the coupon below. The part you don't pay now will be divided evenly and added to your mortgage payment each month. You will see the adjusted amount due in your next statement.
- Option 3:

**Pay nothing now.**

The \$106.22 will be divided among the next 12 months. We will add \$8.85 to your monthly mortgage payments. Your new monthly payment will be \$1,370.08 starting 10/01/17.

Balancing Your Escrow Account

There needs to be enough money in your escrow account to pay your property taxes and/or insurance. To do that, federal law allows us to require that you keep a minimum balance in your account. This cash reserve helps to cover any increase in taxes and/or insurance. However, the minimum balance requirement has been waived for your account.

The payments made to and from your escrow account last year help predict your account activity for next year. This year's activity also helps predict what your lowest account balance is likely to be.<sup>1</sup>

To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to pay a shortage or if we need to give you a surplus refund.

\$0.00	Your minimum required balance
\$-7,030.37	Your estimated lowest account balance for 2018 <sup>1</sup>
<b>\$106.22</b>	<b>Your escrow account shortage</b>

<sup>1</sup>See the "Estimated Escrow Account Activity" chart in this statement.

Escrow Account History

The chart below compares this year's activity on your escrow account with our estimates. The estimated amounts came from your last escrow account review.

- Your most recent mortgage payment due was \$988.69. Your mortgage payment includes principal and interest \$802.35 and escrow money \$186.34.
- At the time of your last escrow account review, your expected lowest balance was \$0.00. The chart below shows that your actual lowest escrow balance was \$-13,352.00.

Note: changes in property taxes or insurance premiums create the difference between the estimated and actual amounts in the chart. An "E" in the chart below means expected activity that hasn't occurred yet.

Escrow Account Summary

This section shows that your escrow account has a shortage and explains your options. You can make a one-time payment now, pay part of the shortage now or have the shortage payment spread evenly across next year's mortgage payments.

Escrow Shortage Coupon

Use this coupon if you mail a full or partial payment of your escrow shortage. You can also pay all or part of your shortage at chase.com.

Escrow Account History

The activity for your escrow account from the past year is shown here, along with what we estimated your payments would be. Most shortages occur because taxes and/or insurance were higher than what was projected on your last year's escrow analysis.

Expected Escrow Activity for Next Year

We've calculated what we expect your escrow account balance will be for the coming year, based on your current tax and insurance expenses.

Expected Escrow Payment for Next Year

These are the tax and/or insurance amounts we expect to pay in the next 12 months, and when we expect to pay them. If you elect to pay your shortage in monthly payments over the next year, that amount will also be included in your monthly mortgage payments. If you believe information is missing or incorrect, please call us at 1-800-848-9136.

Why am I getting this statement?

You are getting this statement because you have an escrow account. That is a special account that we provide for you to pay your property taxes and/or insurance. It is also known as an Annual Escrow Account. Disclosure Statement: With an escrow account, you pay a portion of your taxes and/or insurance monthly instead of once or twice a year. Monthly, part of your monthly mortgage payment goes into your escrow account. When your taxes and/or insurance premiums are due, we pay those bills for you with the money in your escrow account.

Once a year, we are required by law to review your escrow account. This statement includes the results of our review. It includes a history of the activity on your account this year and the activity expected for next year.

Summary

Your escrow account is short \$9.23.

There are many possible reasons for your shortage. Some common reasons include: increases in property taxes and/or insurance premiums, tax reassessments, insurance carrier changes, due date changes, fewer than expected escrow deposits. For more information, call us at the number listed above.

Your escrow account will fall \$9.23 short of the minimum required balance of \$432.18 in the next 12 months. Because your shortage is less than or equal to \$25, we will divide the \$9.23 among the next 12 months. Your new monthly payment will be \$1,257.75 starting 10/01/2012.

You do not need to make any additional payments. Keep this statement for your records.

## FREQUENTLY ASKED QUESTIONS

### Why am I getting an Escrow Analysis?

We run your Escrow Analysis annually so you know the amount of taxes and/or insurance we paid for you this past year with funds from your escrow account. We also include what we expect to pay next year.

### What is an escrow minimum balance?

For most accounts, the minimum required balance is equal to two months of escrow payments. This minimum balance helps cover any increases in your taxes and/or insurance over the next year.

### Why does my account have a shortage?

We calculate your monthly escrow payment for the year based on your tax and/or insurance payment amounts at the time your analysis is run. Shortages most frequently occur when your taxes and/or insurance increase during the year. We pay the higher amount due for you. This can create a shortage because we're paying out more than we expected.

### What do I need to do about this shortage?

You have options:

- You can pay all of the shortage now.
- You can pay part of the shortage now.
- We can spread the shortage payment evenly across next year's mortgage escrow payments.
- Please note that your escrow payment may still go up, even if you pay all of the shortage, if your tax and/or insurance expenses have gone up.
